

Information on RED pay monthly plans – Sept 2019

1. The RED Plans are addressed to all new and existing mobile telephony customers and are offered with the option of a handset (RED Plan with handset) or only the SIM Card (RED SIM only) and with a time commitment of 24 months and 12 months, respectively.
2. Each RED Plan includes specific content allowance (local Minutes, local SMS, Mobile Internet). The monthly subscription of RED Plans with handset includes both the content allowance subscription and the subscription for the handset.
3. The option of a RED Plan with handset requires the commitment of maintaining the plan for 24 consecutive months from the provision date and settlement of the monthly bill via a Direct Debit Authorization. If no such active Direct Debit Authorization for the RED Plan exists, a new Direct Debit Authorization application must be signed by the customer to this effect. It is essential to present a recent form with your IBAN bank account number, from the Bank.
4. With the 24 month subscription of the RED Plans with handset, the customer has the option of selecting a handset, at a special price, without any upfront. Should the customer select a more expensive handset than the above special price, the price difference must be paid directly to the cashier. The handset cannot be exchanged with another product, is non-transferable and is non-refundable. For handset after sales support, the customer may contact the sales shop/company, from which the handset was purchased.
5. The option of a RED SIM Only Plan requires the commitment of maintaining the program for 12 consecutive months from the provision date.
6. For Business customers, RED's basic monthly subscription is bound by the applicable discount scheme that is currently in place as described on www.cyta.com.cy/mobile.
7. Discounts provided to customers, presented on their accounts and not on the commitment signed.
8. The transfer from the current Cytamobile-Vodafone Pay Monthly Plans (Classic, Light, MakeYourOwn), from the so easy pay as you go plans and from other networks is free of charge. The connection fee for new customers is also free of charge.
9. Upon completion of the RED Plan provision process, the content allowance comes immediately into effect and is replenished on a monthly basis.
10. The monthly subscription of a RED Plan is calculated on a daily basis. Therefore, a customer connected to the service by the 15th of a month will be charged with the proportional subscription of the plan chosen and will be entitled to all total allowance of minutes, SMS, MB's.
11. Voice minutes of the RED plans apply to calls made from Cyprus and to all national networks (mobile and fixed numbers) and/ or for international roaming calls within the European Union (mobile and fixed numbers). Therefore excluded are the international calls, premium calls or calls to special numbers.
12. The SMS allowance refers to messages sent from Cyprus to all local/national networks and/ or for SMS on international roaming within the European Union. Excluded are SMS to foreign networks or to other services (short numbers)
13. The Mobile Internet (MB's) applies to Internet use over a mobile telephone while in Cyprus and/or while roaming within European Union. For Mobile Internet, usage controls apply, according to the available data volume, with relevant alerts and options for the customer. If the data volume allowance is exhausted within the month, then, depending on the choice of the customer, the relevant charges apply.
14. Note that, when using the RED plan for roaming in the European Union, the European regulation Roaming Like At Home (RLAH) applies. The RLAH is bound by a fair usage policy that can be found at www.cyta.com.cy/roaming-like-at-home.
15. It is clarified that any unused allowance (minutes, SMS, Mobile internet) of the plan is not transferrable from one month to another.
16. If the minutes or SMS allowance is exhausted within a month, then a fixed charge applies.
17. For Mobile Internet, usage controls apply, according to the available data volume, with relevant alerts and options for the customer. If the data volume allowance is exhausted within the month, then, depending on the choice of the customer, the relevant charges apply.
18. Call charges are quoted by the minute and are charged on a per 15-second basis. The charging for Mobile Internet is per 4Kb (within or over the content allowance)
19. MyGroups reward scheme is not valid for RED Plans. The RED Plans are eligible to be members of a MyGroup but without any benefits.
20. In case of temporary disconnection (e.g. due to SIM Card loss or bill settlement delay), the total monthly subscription will still be charged.
21. Upgrade of the RED Plan for a higher allowance (Minutes, SMS and Mobile Internet) is limited to once (1) every 30 days, whereas downgrade to a lesser allowance is limited to once (1) every 3 months and is subject to a charge of €25.

22. Any upgrade/downgrade of the Red Plan does not affect the validity period of the 12month or 24month commitment.

23. Any upgrade or downgrade of RED package (12/24 commitment), where permitted, subject to the following charges:

24. After the 24 month period, provided no renewal has taken place or no other new Plan (with or without a handset) has been selected by the customer, the corresponding RED Plan SIM Only and without time commitment shall come into force. In case of a RED SIM Only Plan, after the 12 month period, the existing RED Plan without time commitment shall come into force.
25. In case of termination of the RED Plan, before the expiry of the 24 month period, the respective premature termination charge applies, as shown in the table below. Additionally, the remaining handset subscriptions must be paid.
26. Noted that, the switch to another Plan (Classic, MYO, soeasy pay as you go) or portability to another provider also constitutes termination.

*In RED 3 & RED 4 plans with Handset, in early/premature termination fee included two amounts, a) the application switching cost €25 and b) the amount that the customer will be charged for the termination of the Handset package. This amount is reduced proportionately, according to the remaining months until the end of the commitment that the customer had signed.

27. In order to avoid network congestion and to protect the quality of service provided to customers, Cyta implements a Fair Usage Policy, which provides that the RED Plans, which include unlimited local minutes and /or local SMS, are offered only for interpersonal communication and for private, personal use of the service. Under no circumstances is their use allowed for profit purposes or for resale of the service. Interpersonal communication in this respect refers to the standard person-to-person calls and sending of SMS from the hand of a human. Therefore, unlimited use is prohibited for multiple simultaneous calling, conference calling, re-supply, call centre usage, telemarketing, bulk messaging, application-to-person communication, continuously call forwarding, auto-dialing, machine to machine communication, Cellular Trunking Units (CTUs), or any other activity that Cyta considers to be non standard usage or not fair. In case of breach of this condition, Cyta has the right, upon notice of the customer to apply charges, to transfer the client to another program and/or disconnect temporarily or permanently terminate the service without any further notice.
